SUBJECT: Publications Review

6 August 1946

Briefly, this stemmed from a memorandum by the Director dated 13 May, informing the Secretary, JIC, that CIG was initiating action to provide for review, by an agent of NIA, of papers published and distributed by the intelligence agencies subject to NIA coordination. Particularly, consideration should be given to whether the proposed function is a proper one for the Survey Division which has suggested be one of the 3 divisions of the Surveys and Control Branch. If so, further consideration should be given as to whether the quota of 5 officers and 2 CAFs would be adequate.
